VOLUME TWENTY-TWO

JACKSONVILLE, ALA. TUESDAY, MARCH 16, 1954

NUMBER SIX

Qualifying Is Opened For SGA, Mimosa Offices; Election April 7

Seniors Open Sale Of Stock For Big Ball

The senior class is laying plans for the biggest social event on the spring calendar here. According to Class President Curtis Shamblee, the seniors already have started raising the funds necessary to schedule one of the nation's top dance bands for the Senior Ball in May.

The seniors are using the same plan that proved successful here last year when the class brought Art Mooney to the campus. Stock will be sold to the students and any other interested individuals for \$10 a share. Only a limited number of shares will be sold during the next two weeks, and any profit made from the Senior Ball will be distributed equally among the stockholders.

No particular band has been selected as yet, and the decision will not be made until all of the shares have been sold. When the campaign is closed the stockholders will have the privilege of choosing the band according to the finances available.

Shamblee has indicated that a limited number of shares will be sold, and that they will go to the students and other individuals on a first come, first served basis. The same plan was followed for last year's Senior Ball, and all of the stockholders managed to make a profit on their investments.

A committee has been appointed to sell shares through March 23. The committee includes Nancy Wood, David Lacey, Charles Wilson, Jack Collins and Jerry Roberts.

Seniors also have been urged by their president to take notice

Constitution Also Goes Up For Approval

Qualifying for four Student Government Association offices and three positions on the 1955 yearbook staff began yesterday, and the annual campus political battles probably will be in full swing by the end of the week.

Arlie Gunter, president of the Student Government Association, has announced that candidates may qualify for the offices anytime before Tuesday of next week. The period for qualifying will be cut short for the AEA holidays which begin next week.

Election day is scheduled for Wednesday, April 7, with any possible run-off elections to be held on Tuesday, April 13. The customary assembly program for candidates' speeches is scheduled for Wednesday, March 31.

Revised Constitution

Students will also vote on a newly-revised constitution for the Student Government Association. The constitution has been changed to strengthen the Student Council and to eliminate some of the outmoded provisions which no longer are applicable since the change to the semester system.

Gunter has indicated that the students probably will use voting machines again this year. The names of all of the candidates will appear on the machine, and the constitution may be approved or disapproved simply by voting "yes" or "no".

It is extremely important that all students read the revised constitution which appears on pages four and five of his publication, in order to determine how they

'GLASS MENAGERIE'—The students pictured above will be three of the four actors in the dynamic Masque and Wig Guild production Tennessee Williams' Broadway hit, "The Glass Menagerie", to be presented here on April 6, 7, and 9. Shown are Nell Smith as Amanda, Bobbie Waller as Laura, and Neil Letson as Tom. The other player will be Jack Collins, as Jim.

Tennessee Williams' Hit Play To Be Staged 'In The Round'

By Marion Minns

The Masque and Wig Guild is doing it again! Yep, they're at it again, but this time it's bigger, better, and newer than ever! Next month on April 6, 7, and 9, the Guild will present one of Tennessee Williams' best-known and best-received plays, "The Glass Menagerie", which enjoyed tremendous success on Broadway.

The play is a very unusual one, requiring only four characters with excellent acting ability. The local production will have the necessary ability with Nell Smith as Amanda; Bobbie Waller as Laura; Neil Letson as Tom; and Jack Collins as Jim.

In addition to the already-mentioned merits of "The Glass Menagerie", the play will be performed "in the round," a wonderful theatrical medium which

actors in the play, the entire Guild is working harder than ever to make the new venture a success. Most of the members have attached themselves to some committee, and the cooperation has been excellent. Mrs. Ralph Lindsay, faculty advisor and director, is more than pleased with the way the group has plunged into "The Glass Menagerie."

Daugette Repairs Waiting For More Accurate Estimate

Work on the fire-damaged section of Daugette Hall has been delayed by State authorities in order to allow time for all defects to show up, according to a statement released yesterday by Dr.

CONG. BROOKS HAYS
... College Speaker

Brooks Hays, Congressman,

PLANTING TIME—Miss Carolyn Baker, pretty freshman from Gadsden, is getting ready for the approaching garden season. This month's Gen of the Hills is one of the most popular members of her class and was chosen as one of the Freshman beauties for the 1954 Mimosa recently.

Juniors Call Meeting To Lay Dance Plans

Plans for the annual Junior Prom will be made here Wednesday morning at 11:30 o'clock

affairs. The class will also decide upon an orchestra and a price for the bids. The dance will be

CONG. BROOKS HAYS
... College Speaker

Brooks Hays, Congressman, To Talk Here

Jacksonville students are in for a treat on Friday, April 2, when Brooks Hays, Arkansas congressman, will speak in the Leone Cole Auditorium. He was scheduled to appear here with Congressman Kenneth Roberts but after Mr. Roberts was injured Mr. Hays postponed the engagement until he recovered. Cong. Albert Rains will also accompany them to Jacksonville.

Mr. Hays is noted for being an entertaining speaker. He has been described by the Washington Star as the "best story-teller in Washington since Chauncey Depew."

Congressman Hays is a well-known churchman and in 1951 received the Annual Layman's Award given by the ministers of Washington for outstanding service. He is a member of the Southern Baptist Convention's Social Service Commission and for a number of years served on the Joint Public Relations Committee maintained by four of the Baptist denominations. His service to the church was recognized in 1947 when he was invited to address the first postwar meeting of the World Baptist Alliance in Copenhagen, Denmark. In May 1950, he was elected a vice-president of the Southern Baptist Convention.

Mr. Hays has long maintained an active interest in education and at the present time is a member of the governing body of George Peabody College in Nashville, and of George Washington University of Washington, D. C. He is a member of the National Council of Boy Scouts of America, the American Legion, Phi Beta Kappa and Sigma Chi fraternities, and a number of other fraternal and civic organizations.

He was elected to Congress in 1942 and has served continuously since that time. For eight years he was a member of the Committee on Banking and Currency, and since 1951 has served on the Committee on Foreign Affairs.

We Apologize, Girls

The Teacola offers its apology to the girls living in Daugette Hall. Due to a breakdown in our public relations, no news from the girls' dormitory appears in this issue. We promise to make up the difference in the April publication.

The play is a very unusual one, requiring only four characters with excellent acting ability. The local production will have the necessary ability with Nell Smith as Amanda; Bobbie Waller as Laura; Neil Letson as Tom; and Jack Collins as Jim.

In addition to the already-mentioned merits of "The Glass Menagerie", the play will be performed "in the round," a wonderful theatrical medium which makes the audience actually feel as if it were a part of the performance. The audience will be seated around the actors, not in front of the stage. In fact, there will be no stage!

"The Glass Menagerie" is about a family—not a very normal family—headed by a not-so-normal mother who lives in a world of cherished memories of her younger, belle-o'-the-ball days in the South.

Although there are only four

Daugette Repairs Waiting For More Accurate Estimate

Work on the fire-damaged section of Daugette Hall has been delayed by State authorities in order to allow time for all defects to show up, according to a statement released yesterday by Dr. Cole. Much of the damage to the plaster, floors, and walls was evident by the time the fire was out, but some defects may not be detected for weeks.

A contract for the repairs cannot be let until a more accurate estimate of the extent of damage can be made. Dr. Cole states that he expects work to get underway later this week. He is anxious to have the dormitory repaired and has made every effort to get the work started.

a first come, first served basis. The same plan was followed for last year's Senior Ball, and all of the stockholders managed to make a profit on their investments.

A committee has been appointed to sell shares through March 23. The committee includes Nancy Wood, David Lacey, Charles Wilson, Jack Collins and Jerry Roberts.

Seniors also have been urged by their president to take notice of schedule for selling invitations and cards. Friday will be the final day for ordering invitations and cards for the graduation exercises to be held here during the first week of June. Mary Louise Kile, class secretary, will take orders for invitations in front of the Grab Wednesday and Friday from 11:30 until 12 o'clock. All invitations and cards must be paid for in advance.

the 1954 Mimosa recently.

Juniors Call Meeting To Lay Dance Plans

Plans for the annual Junior Prom will be made here Wednesday morning at 11:30 o'clock when the class meets with President Jimmy Reaves to discuss the dance scheduled for April 7. The junior president has asked all members of his class to meet in Room 101 during the 11:30 period to decide upon an orchestra and other matters concerning the dance.

According to Reaves, the various committees will be appointed to handle ticket sales, advertising, and decorations for the

affair. The class will also decide upon an orchestra and a price for the bids. The dance will be held in the college gymnasium on Wednesday night, April 7, and probably will be semi-formal.

All junior classmen are being urged to volunteer for work on the committees in order to insure the success of the big dance which is only three and a half weeks away. The class will have to decide upon a budget for the dance, and probably will open sales on the bids by next week.

The Junior dance will represent the third of the big class dances to be given here this year, with only the Senior Ball remaining on the calendar. The committees to be appointed tomorrow probably will begin work on Thursday and most of the preparations will be made by the end of next week, according to the class president.

Military Dance Due Thursday

The annual Military Ball, sponsored by Jacksonville's Reserve Officers Training Corps, will be held in the college gymnasium Thursday night from 8 until 12 o'clock. Music will be furnished by the 307th Army Band from Fort McClellan.

Cadet First Sergeant Billy Farnell has announced that the dance will be a formal affair, with no flowers. Admission will be by invitations or bids only, and the bids will have to be obtained from Advanced ROTC students.

The impressive leadout will feature the members of the senior class, the battalion officers, and battery commanders. The leadout will be planned by a committee headed by Cadet Lt. Colonel Darwin C. Miller, recent battalion commander. Cadet 1st Lt. Joe Parsons will be in charge of the finances, and Cadet Lt. Col. Mary Sharp will head the decoration committee, which will also include battery sponsors William Dean Rehefield, Helen Thompson, and Florida Phillips.

Chorus Groups Meet

A number of high school chorus groups from the Jacksonville area assembled on the campus this morning to participate in a music festival to be held in Leone Cole Auditorium today. The Festival is being sponsored by the college music department.

Gunter has indicated that the students probably will use voting machines again this year. The names of all of the candidates will appear on the machine, and the constitution may be approved or disapproved simply by voting "yes" or "no".

It is extremely important that all students read the revised constitution which appears on pages four and five of his publication, in order to determine how they will vote on April 7. Students who

Candidates for Student Government Association and Mimosa offices may obtain applications from Elaine McGraw, SGA secretary, or Arlie Gunter, SGA president. The application must be signed by ten qualified students and by a campaign manager before it is returned to the SGA officers.

intend to become candidates for any offices open this spring should read the constitution carefully for the qualifications and duties for the offices they are seeking.

Few of the provisions in the constitution have been changed except in regard to the quarter and semester systems. The important changes that have been proposed by the Student Council are as follows:

(1) Article III, Section 5; "Attendance at Meetings. All members of the Student Council shall be expected to attend all meetings of the Council. Any member who is absent from more than two meetings during a semester without a reason which is satisfactory to the majority of the Council shall automatically forfeit any office that he might hold within the Student Government Association or his respective class."

The old constitution states that a member who is absent from two consecutive meetings without a satisfactory reason shall forfeit membership in the Council.

Officer Qualifications
(2) The revised constitution states that any student who is expelled from any office under the jurisdiction of the Student Government Association shall not be qualified for any other office controlled by the Association. This article is applicable to SGA officers, class officers, and Mimosa officers.

The old constitution places no such restriction upon students who fail to perform the duties of their offices.

(3) The revised constitution provides for the election of summer Student Government Association officers by a two-thirds vote of the regular Student Council in May, provided none of the regular officers or the newly-elected officers are in attendance during the summer.

The old constitution makes no provision for the election of summer officers when neither the regular officers nor the newly-elected officers are in attendance.

CADET LT. COL. MILLER
... receives commission

CADET LT. COL. COLLINS
... assumes command

CADET MAJOR SMITH
... gets promotion

CADET CAPTAIN SHAMBLEE
... goes Regular Army

Collins Is Cadet Commander

Lt. Col. James A. Blodgett has announced that Jacksonville's ROTC cadet battalion is now under the command of Cadet Lt. Col. Jack R. Collins, following the commissioning of former commander Darwin C. Miller as a reserve second lieutenant in the Ordnance Corps last Friday.

The new cadet commander was promoted to cadet lieutenant colonel at Friday's drill and will head the battalion for the remainder of the year. He formerly held the rank of cadet major as the battalion's executive officer. Cadet Major David W. Lacey, former battalion S-3, will succeed Collins as battalion S-3, and Cadet Major Ivan F. Smith has been promoted from the rank of captain to become the new S-3 officer.

Miller, who had commanded the cadet battalion since the beginning of the school year, has finished the

necessary requirements for a B. S. Degree, and received a reserve commission in the Ordnance Corps Friday. He will report to Aberdeen Proving Grounds, Maryland, on March 26.

Col. Blodgett also has announced that two of Jacksonville's ROTC cadets have been accepted for Regular Army commissions and will enter the service shortly after graduation this summer. Cadet Major Smith, the new battalion S-3, and Cadet Captain Curtis G. Shamblee, commanding officer of B Battery, have been selected for the Regular Army commissions upon the basis of points scored in highly-competitive tests administered by the Department of the Army in Washington.

Cadet Major Smith will receive a Regular Army commission as a second lieutenant in the Infantry

when he finishes requirements for a degree here in June. Cadet Captain Shamblee will enter the service as a second lieutenant in the Quartermaster Corps, and probably will report to Fort Lee, Va., upon graduation.

The Regular Army commissions for ROTC cadets represent the results of one of the most highly-competitive tests administered by the Army. The applicants are judged according to their records as ROTC cadets, their scholastic averages, extra-curricular activities, and to a large degree by their record in summer camps. The winners are selected from the applications compiled in Washington and are chosen without regard to their schools or the section of the country.

The Military Science Department also has announced that Honorary Cadet Captain Helen

Thompson has been chosen as sponsor for C Battery, replacing Harriet Hackworth, who is finishing her requirements for a degree.

Writer's Club Opens Sale On 'Soundings'

"Soundings", the annual publication of the Writers' Club, will be on sale soon. The yearly magazine will feature the best creative writing of some of Jacksonville's most talented students, and a faculty committee already has selected the best contributions turned in by members of the group.

The publication is now being sold by members of the Writers' Club for fifteen cents, but the price will jump to twenty-five cents when the 1954 issue comes off the press.

EDITORIALS

Your Student Government

Jacksonville's Student Council deserves a lot of credit for the way it has directed the affairs of the student body here this year. The thought and the effort that the student legislature has put into its work during the past year has done much to develop character and spirit on the campus.

Under the leadership of Arlie Gunter, this year's Student Council has gone a long way toward raising the body to the high position that it should occupy. The constructive work that it has done has gained the confidence and support of the vast majority of the students enrolled here.

The progress that the present Student Council has made is only a continuation of the development of a strong and worthwhile student government on our campus. Many things remain to be done, and only a strong student government, with the support of the student body to back it, can accomplish the work that will come later.

Since the Student Council was first organized, it has become the dominant organization of the campus. However, the ultimate goal has never been reached, and will not be reached until the entire student body begins to recognize the authority and the importance of the organization.

The Student Government Association now has the full support and approval of the college administration and the faculty, and our administration realizes the importance of having a much stronger student legislative body. The Student Council is, in fact, a congress of students. Elected representatives pass laws that are designed for the benefit of the majority of the students. No other organization on the campus has the power and the backing that the Student Council enjoys. That is as it should be.

It is time for Jacksonville students to realize the full importance of their Student Council. When the time comes to elect the officers for next year's Student Government, each student should examine the qualifications of the persons who seek to gain the most important student offices on our campus. Judge the candidates carefully, with particular emphasis on leadership and initiative. Once you have made your choice, support your candidate to the limit during the coming campaigns.

When the issue has been decided, continue to support your Student Government, no matter who wins or loses. Remember! The Student Council will be as good as the people who are responsible for its action.

A Challenge For Teachers

Dr. T. M. Stinnett, executive secretary of the National Commission on Teacher Education and Professional Standards, provided an interesting vocal picture of America's crises in the field of education here last week. The prominent educational leader was the guest speaker for the first Annual State Conference on Teacher Education and Professional Standards, and his words were directed at the fear which surrounds the American people today.

According to Dr. Stinnett, the nation is facing a crisis in education, and the whole picture is clouded with fear—fear of communism and fear of the future. One of the examples which he used to stress his point is the Alabama textbook law, which requires publishers to label their books according to whether the author does or does not have communistic leanings.

Dr. Stinnett's solution to the problem should be of interest to all of Jacksonville's students who have selected the teaching profession for a career. Educators hold the key to America's future. Their training and their efforts to raise the standards of the nation's educational facilities can do

SIGN OF THE TIMES

By Bobbie Waller

Stuff and NONSENSE

One of the strange things about human beings is the fact that no matter how many sidewalks are built, you can always find the well-worn paths of homo sapiens scarring the surface of the best-kept lawns. Our campus is no different. We are either lazy or in a hurry to get somewhere, and walks don't mean much to us until it rains.

College officials thought they could save the lawns by putting down the numerous sidewalks on the college grounds than most of us country folks see in our home towns. Maybe

The Editor

Out on a Poll

QUESTION: HOW CAN THE HONOR SYSTEM HELP THE STUDENT?

(EDITOR'S NOTE: The following student and faculty opinion poll was conducted last week by Beth Taylor. The opinions listed below were given in answer to the question, "How do you think an honor system at Jacksonville would help you?")

Shirley Childress: "If it won't work at West Point, it dang sure won't work here."

Bobbie Waller: "I think it would work if the teachers would give it a chance. They stay over you when you take an exam every time."

"Speedy" Thomas: "I don't think it would help me at all. All it would amount to would be a bunch of big cheats telling on a bunch of little cheats."

Virgil Holder: "I don't think enough people on this campus understand what the honor system is."

Beacon LIGHTS

Have you ever wanted to be the most scintillating conversationalist at your confabs in the grab? If so, this article, which should carry the subtitle "How to Win Followers and Impress People," may help you win your goal. If these hints are followed, it would be quite natural to list unflatteringly the ten most outstanding books published in the last year, or better still, to tell what was in them. Considering that in 1952 there were 11,840 new titles and new editions of books published, indeed brilliant would be the person who could perform this feat without the aid of some of the current best seller "lists" available. In our complex society we are both plagued and benefited by prepared "lists"—we are told what merchandise we should buy, what books and magazine articles we should read, what recordings we should hear, what foods we should eat, and what doctors we should

Neal Hagood Wins Spotlight As Campus Leader, Scholar

By Marion Mims

Neal Hagood, an outstanding member of the senior class, has earned the Teacola's spotlight for the month of March. The native of Kimberly is one of the best-liked students on the campus, and is active in many of the campus organizations.

Neal is working towards an A.B. Degree, with a major in English and a minor in history. He had also planned a minor in French until he found that he had "inherited" twenty hours credit from the government for time spent in the United States Navy. The "inheritance" explains the fact that Neal is serving as vice-president of the Junior class, although he is officially classified as a senior and will graduate at the end of the summer session.

Neal has been an active member of several campus organizations, such as the Wesley Foundation, International House, and the Writers' Club. He has served as the president of the Writers' Club and is the business manager of the "Soundings," official publication of the organization. In addition to his record as a leader in extra-curricular activities, Neal has also managed to make the Dean's list on many occasions.

This month's spotlight student graduated from Mortimer Jordan High School and enrolled for one quarter at Auburn while working for the Alabama Power Company. He spent fourteen months in the Navy, where he attended the Aviation Electronics School.

After "graduating" from the Navy, Neal spent eighteen months with the Goodyear Tire and Rubber Company, during which time he finished a semester of English at Howard College. He entered Jacksonville for the Winter quarter of 1951 and has since become one of the student leaders on the campus.

Many students will remember Neal's sister, Joyce, who attended Jacksonville and is now working with the Civil Service in Birmingham.

Neal plans to attend graduate school after finishing his work at Jacksonville. His main interest lies in the field of writing, but he has not fully decided to make a career of it. What ever Neal decides to undertake, the student body and the faculty wish him the very best of luck.

WESLEY NOTES

By Margaret Ann Garter
The Wesley Foundation has adopted a new program policy for its regular Thursday night meetings. Programs are now being devoted to a study and discussion of various subjects determined by

NEAL HAGOOD
... March Spotlight

BSU NOTES

By Betty Wade

"Let's go to Vespers," said one student to a freshman who entered in January.

"Vespers? Where?" asked the new frosh!

"Over in the Little Auditorium."

"Sure will; I'd like to go."

On leaving the auditorium at the close of vespers, the freshman expressed appreciation for having been invited. She asked who promoted it, how often, etc. The new friend was delighted to explain about vespers, as well as the other activities that the Baptist Student Union engages in. There's Morning Watch held from 8:15-8:30 in the Little Auditorium too. A time when we can be quiet and receive a devotional thought to carry us through the day.

The Baptist Student Union is vitally interested in the total development of the individual and believes that his relationship to God must be right before he is a well-rounded person. Hence the local church program is an integral and important part of the BSU's business. Sunday school, Training Union, choir, YWA Fellowship, banquets, parties—all fit into the schedule. Each of these plays its particular role in helping us to be growing Christians.

in fear of communism and fear of the future. One of the examples which he used to stress his point is the Alabama textbook law, which requires publishers to label their books according to whether the author does or does not have communist leanings.

Dr. Stinnett's solution to the problem should be of interest to all of Jacksonville's students who have selected the teaching profession for a career. Educators hold the key to America's future. Their training and their efforts to raise the standards of the nation's educational facilities can do more than anything else to eliminate the fear that troubles presentday Americans.

It is not likely that the eminent educator can be wrong in his ideas and hopes for the future of America's system of education. He pointed to the nation's increase in population—10,800 per day—and indicated that by 1960, 140,000 new teachers will be needed each year to take care of the 60,000 new classrooms that will be needed to provide for the increase in population.

According to Dr. Stinnett and many more of the nation's ranking educators, the practice of 'recruiting' teachers must stop. The prestige of the profession must be raised until men and women will be 'selected' to become teachers, and only the best will be chosen.

Dr. Stinnett's words offer something of a challenge to Jacksonville students who intend to enter the profession. When the teacher standards become what they should be, it will be a definite honor to become a teacher. Only then will the college graduates who meet the qualifications be able to demand compensation which their work deserves. The added prestige and wages will offer a challenge and incentive to match other high-salaried and select professional fields.

It is up to the future educators of America, and to the many qualified teachers of today, to raise the level of education until it does present the challenge and compensation that is needed to combat the fear which the future seems to hold for Americans.

Concerning Student Laws

When student representatives are elected to pass laws which will govern more than a thousand individuals, they must necessarily be capable of clear thinking and mature judgement. The Student Council must be a representative body which will take into consideration the beliefs and opinions of each group of students, thereby designing their decisions to fit the majority.

Jacksonville's Student Councils have established a good record of sound judgement in the laws and resolutions they have passed. Laws have been passed for the benefit of the largest number of students. Few laws are popular with all of the people, and not all of the people who support new legislation are willing to back it up with action.

So it is with some of our campus regulations. The Student Council was elected to represent all of the classes, thereby gaining a cross-section of student opinion. The laws the Council has passed this year undoubtedly are for the benefit of the majority, and most students are willing to accept and obey them.

However, there are some students who take it for granted that they can assume privileges that other students do not have. For example, the resolution concerning the serving line at Hammond Hall has caused a small amount of dissention. There haven't been many violations of the rule which forbids cutting the line, and some of the students probably do not realize that they are violating a law that is popular with a vast majority of the fellow students.

Campus traffic regulations also have been violated on numerous occasions this year. These laws were passed for the protection of lives and property, and violations are likely to cause serious injuries to persons or heavy damage to the vehicle involved. Cars which enter the "Exit" lane in front of Bibb Graves Hall can cause accidents, as has been demonstrated once this semester.

Students who park in the no-parking area adjacent to Hammond Hall cause a congestion of traffic, and are liable to be the cause of another serious accident in the future.

The Editor

Here's a hot tip for Ma McWhorter! If you see the right people, you might get a brand-new rack to hang your rags on. The decorations on the bushes outside Hammond Hall detract from the scenery, also.

To the students who have been wondering about any secrecy surrounding meetings of the student council, we have a good explanation. The hush-hush, if it has existed, hasn't been intentional. In fact, the Council has just approved a revision of the student constitution making it mandatory for the secretary of the Student Government Association to publish the essential parts of all council meetings.

The first active political group to be organized here for the current state gubernatorial race was opened last week when Bob Hand and a number of other students started a "Faulkner for Governor Club." The Teacola doesn't intend to mingle in politics, but the new organization can do much to stimulate interest in the state elections. Every student who favors Faulkner's program should join the local club. If you like another candidate better, form your own political groups. Any of the clubs are sure to get the support of the various candidates' state headquarters, just as the Faulkner Club already has done.

Have your peaceful political arguments, but no blood shed, please!

Here is a dainty little recipe from Dr. Gary's notebook.

"Once I spent the night with a friend of mine, and his wife had biscuits on the breakfast menu. The acidity of the lactose had not been adequately measured, so that under the temperature changes in the process of baking the sodium hydroxide formed was not neutralized by the sodium carbonate that the cook had added to the carbohydrate. As a result, the biscuits were not edible."

Doc says the moral of the story is: "every Home Economics major needs bio-chemistry so that she won't add too much soda to the bread."

Another piece of advice from the Doc: "Girls, never put your honey in the refrigerator."

when you take an exam every-time."

"Speedy" Thomas: "I don't think it would help me at all. All it would amount to would be a bunch of big cheats telling on a bunch of little cheats."

Virgil Holder: "I don't think enough people on this campus understand what the honor system is."

"Tubby" Roberts: "If I had enough brains to figure out the honor system, I'd take them out and play with them."

Pat Hardy: "Don't quote me. All I want my name on is the payroll."

Bill Roddam: "Don't think it would make much difference. People who cheat will cheat anyway. I think that being on your honor is being on your honor all the time."

Moodo Atkinson: "I think those who cheat would have to get a better system, and that would be all there is to it."

Bob Shelly: "Yeah, it would have helped me if it had been passed a year ago."

Bill Milam: "Just like one professor said that other day: 'The old-maid school teachers cheat in the summer worse than other students do in the regular sessions.'"

Jack Collins: "I think it would improve the students' attitude toward grades."

Jean Burns: "I think I would be more honest with myself and with other people."

Byrd Tucker: "If everybody doesn't go by the honor system, it will be hard for an honest boy to pass."

Wilber Hill: "Satisfied. I can't complain. If I did I couldn't do anything about it."

Wedge: "Left up to the students to discipline students, the students would be better satisfied with the honor system."

Roberson: "Keep the faculty completely out of the situation."

Sigma Tau Delta Will Initiate New Members Tonight

Sigma Tau Delta, national honorary English society, will hold its official initiation ceremony tonight at the home of Miss Luttrell.

The society met last week to discuss new members and the invitations have been received by the initiates.

Five new officers were also elected at the last meeting. They are: Alden Huffaker, president; Gail Mountain, vice-president; Nelta Jean Thorne, secretary; Mary Louise Kile, treasurer; and Neil Letson, reporter.

Members present at last week's meeting included: Gail Mountain, Alden Huffaker, Neil Letson, Nelta Jean Thorne, Mary Louise Kile, and Marion Mims.

deed brilliant would be the person who could perform this feat without the aid of some of the current best seller "lists" available. In our complex society we are both plagued and benefited by prepared "lists"—we are told what merchandise we should buy, what books and magazine articles we should read, what recordings we should hear, what foods we should eat, and what doctors we should patronize. However, after taking a grain of salt the lists can be most helpful. For instance, the **Saturday Review** carries a weekly column entitled "SR's Library Poll," which lists twenty books, half fiction and half non-fiction, that public libraries in 18 large cities found to be the most popular.

Public opinion is not infallible but one novel that has enjoyed continued popularity, Morton Thompson's **Not As A Stranger**, has also been prophesied to stand the "test of time", a quality unfamiliar to many best sellers. Another book which is likely to stay on the list for a few more weeks is Philip Wylie's **Tomorrow**, a novel which horrified reviewers reluctantly admit is too realistic for comfort. Fascinated by the horrible, or perhaps driven by fear, library readers are persistent in voting for this tale of an atomic bomb attack in the United States. It is interesting to note that **From Here to Eternity** still has its place in the sun. The library has two copies, rather the worse for wear, to supply your demand. On the non-fiction side of the fence the religious books are prominent with Norman Vincent Peale's **The Power of Positive Thinking** and Fulton J. Sheen's **Life is Worth Living** holding their own.

"Ten Outstanding Magazine Articles" is the title of a list published under the direction of a council of librarians. It is among the library's new subscriptions and will be posted each month on our bulletin board. The latest one credited **Harper's, Current History, Fortune, and Atlantic Monthly** with the most outstanding articles, dipping into the fields of foreign policy, housing, medicine, the farm situation, atomic energy, psychology, and prohibition. If you have ever been a critic of doctors, **Fortune's** February article "The M.D.'s Are Off Their Pedestal," in spite of the title shows the M.D.'s side of the story. **Atlantic Monthly's** article by Gordon Dean entitled "Atomic Energy for Peace" is one provoking thought and hope toward more cooperation with the world in developing "non-weapons." **Harper's** printed "Tennessee Preachers and the Demon Rum," a humorous and fiery but account of one side of the prohibition story.

Having introduced you to these two of the many "lists" available, the Ramona Wood Library invites you to come and make their acquaintance—they are yours for the asking.

WESLEY NOTES

By Margaret Ann Carter

The Wesley Foundation has adopted a new program policy for its regular Thursday night meetings. Programs are now being devoted to a study and discussion of various subjects determined by the main interests of the group. The Book of Amos is being used for the first programs, with the Rev. Thomas F. Stevenson, pastor of the First Methodist Church, as the leader.

In addition to Bible study, subjects such as science and religion, essentials of the Christian faith, race relations, the church, and psychology and religion will be discussed during the weekly meetings.

The Wesley Foundation also has decided to send a donation to the Methodist Youth Fellowship Fund to aid in the mission work of the Methodist Church. A special Sunday night offering is being set aside for this purpose.

The Foundation extends an invitation to all college students to join in the discussions on Thursday nights and to attend the regular monthly suppers which are held every first Sunday night of the month.

St. Peter: "Where you from, son?"

Man: "I'm from Texas!"

St. Peter: "Well, come on in; but you ain't gonna like it."

Jim: "Doesn't this kiss make you long for another?"

Sue: "Yes, if he could only be here tonight."

"Did you pass your finals?"

"And how!"

"Were they easy?"

"Duhno—ask Jim!"

God must be right before he is a well-rounded person. Hence the local church program is an integral and important part of the BSU's business. Sunday school, Training Union, choir, YWA Fellowship, banquets, parties—all fit into the schedule. Each of these plays its particular role in helping us to be growing Christians.

From time to time authorities on subjects in which students are interested are brought in to speak at vespers. Recently Dr. R. M. Christopher and Mr. Pat Burnham were leaders in discussions on the importance of being Christian in your profession.

Last week was a highlight, too, as Mrs. Charles Martin of Oxford led our thinking on matters concerning love, courtship and marriage. Mrs. Martin's talks were very informative and made us realize the importance of choosing the right 'mate'. Her topics were: "Dating Can Be Fun", "When Do You Know It's Love", and "They Lived Happily Ever After."

The BSU is headed by Ray Campbell as president. Other officers are: Agnes Moon, Orle Barnes, Elaine McGraw, Billie Nell Black, Ray Pruitt, George Broom, Betty Wade, Nancy Burriugh, Travis Walker, J. C. Anglin, Jack Young and W. H. Ashburn.

Ann: "Did you and your wife patch up your quarrel yet?"

Joe: "Patch 'em up—never! We get new ones."

She: "How can you do so many stupid things in one day?"

Him: "I get up early."

Betty: "Does this train stop at San Francisco?"

Conductor: "Well, lady it it doesn't there's going to be a heck of a splash."

COURT MARTIAL—Any of Jacksonville's ROTC cadets who are unlucky enough to get demerits during the week are likely to be facing the local court martial board on Monday mornings. The board is composed of cadet officers, who decide whether or not demerits are deserved in each particular case.

Saluting The Departments

Branch General ROTC Opens Here Next Fall

Jacksonville College authorities have announced that application for a Branch General ROTC Unit has been approved by the Department of Army in Washington. The present field artillery unit, which has been active here since 1948, will be discontinued and the new course installed at the beginning of the fall semester.

The Branch General program has proved to be extremely popular and practical in the schools where it has been tested for the two years since its conception. Its flexibility, economy of operation, and the ease with which it can be adjusted to the capabilities of the student and needs of the service has made it ideally suited to the smaller colleges.

"The college is fortunate to get a Branch General unit at this time", reports Lt. Col. James A. Blodgett, professor of Military Science and Tactics. "This new program has so many advantages that it is only a question of time until all schools are converted. Jacksonville is getting in on the ground floor."

Students will find the new

branch of his choice. This application, his scholastic record, academic major, and leadership characteristics are weighed in arriving at his branch assignment. The new system results in business majors receiving quartermaster commissions, chemistry majors being commissioned in the Chemical Corps; ordnance commissions for mathematics majors, etc., as far as spaces permit. In the past, Jacksonville graduates predominately received field artillery commissions.

The Branch General course is a relatively new development in ROTC. For the past thirty-five years, a college student has studied only one particular branch during the four-year course and has received his commission in that branch. The old system produced second lieutenants well qualified in their particular fields, but largely unaware of the problems of other arms and services. In addition, the old system was more expensive, since large schools with several branches needed different sets of equipment and instructors for each branch.

New Change In State Draft Laws Is Listed

State Headquarters of the Alabama Selective Service System has announced that hereafter college students must be enrolled 15 semester hours or term hours in order to be eligible for deferment from military service.

This is the latest change in the state law which makes it possible for high school graduates to continue their education without interruption. Freshmen entering college become eligible for I-S classification which is in effect for one year. Within that year the student must qualify for a II-S (student) deferment by keeping pace with their school work, or for a I-ID (military) deferment by participating in the ROTC program in college.

The II-S classification must be

Revised Student Constitution Will Be Subject To Ratification Here April 7th

(EDITOR'S NOTE: The Student Government Association constitution has been revised and will be presented to the students on April 7 for ratification. All students should read the following text carefully, since the entire constitution will not appear again before election date. Students who are running for SGA or Mimosa offices should check the contents carefully for the qualifications and duties of the offices for which they are running.)

ARTICLE I General Organization

Section 1. The name of this organization shall be the Student Government Association of Jacksonville State Teachers College.

Section 2. The membership of this organization shall consist of all students (except extension) who are enrolled in regularly-scheduled classes on the campus.

Section 3. The executive officers of the Student Government Association shall consist of a president, a vice-president, a secretary, and a treasurer.

Section 4. The legislative body of this organization shall be the Student Council.

ARTICLE II Duties of the Officers

Section 1. Duties of the President.

(A) The president of the Student Government Association shall call and preside over all meetings of the Student Government Association and the Student Council.

(B) The president shall appoint committees of the Association when they are needed to expedite business of the Association. At least one member of each committee must be a member of the Student Council.

(C) The president shall perform any other services which shall be delegated to him by the Student Council and which shall not be inconsistent with this constitution.

Section 2. Duties of the Vice-President.

(A) The duties of the Vice-President shall be the same as those of the President, when for any reason he assumes the office of President of the Student Government Association.

(B) The Vice-President shall serve as chairman of the Planning Committee and the Social Committee as set forth in this constitution.

Section 3. Duties of the Secretary.

(A) The Secretary of the Student Government Association shall keep records of all meetings of the Association and the Student Council; handle all official

his office, and dispense with same under the direction of the Student Council.

(B) The names of the Treasurer and the President of the Student Government Association shall appear jointly on all checks written against the Student Government Association funds.

(C) The Treasurer shall serve as chairman of the Ways and Means Committee as set forth in this constitution.

ARTICLE III The Student Council

Section 1. Organization of the Student Council.

(A) The Student Council shall consist of the president, vice-president, secretary, and treasurer of the Student Government Association and sixteen (16) class representatives.

(B) The freshman, sophomore, junior, and senior classes each shall be represented on the Student Council by a president, two Student Council representatives, and one social representative.

Section 2. Advisors. The Student Council shall have one faculty advisor appointed jointly by the President of the college and the President of the Student Government Association at the beginning of each school year.

Section 3. Quorum. A quorum for the Student Council shall be fifty per cent (50%) of its members.

Section 4. Meetings. The Student Council shall meet not less than twice monthly, the time to be decided by the Council at the beginning of the school year. In addition to the two regular meetings, the president of the Student Government Association shall have the power to call additional meetings when he deems it necessary.

Section 5. Attendance at Meetings. All members of the Student Council shall be expected to attend all meetings of the Council. Any member who is absent from more than two meetings during a semester without a reason that is satisfactory to the majority of the Council shall automatically forfeit any office that

procedure against any officer or member of the Student Council, or against any class officer.

Section 3. The Council shall in no manner assume powers which infringe upon the rights granted the assembly of members of the Student Government Association by this constitution.

ARTICLE V

Election of Officers of the Student Government Association

Section 1. Qualification for Officers.

(A) To be eligible for the office of President or Vice-President of the Student Government Association the candidate must have to his credit in the office of the registrar of Jacksonville State Teachers College (on or before the day of his election) sufficient hours to be classified as a junior or above.

(B) To be eligible for the office of secretary or treasurer of the Student Government Association a candidate must have to his credit in the office of the registrar (on or before the day of his election) sufficient hours to be classified as a sophomore or above.

(C) All candidates for offices named in this article must have passed with an over-all average of 'C' or above for all work done at Jacksonville.

(D) The election committee and the President of the Student Government Association shall have joint power to approve or disapprove a student's application to become a candidate according to privileges set forth in this constitution. The candidate's records shall be checked to determine his previous conduct, character, scholastic average, and leadership ability.

(E) Each candidate must have been enrolled at Jacksonville State Teachers College during the previous session before election.

(D) No student shall be qualified for any office of the Student Government Association who has previously been expelled from a Student Government Association office or class office for any reason.

Section 2. Procedure for qualification.

Each candidate must file with the secretary of the Student Government Association, at least two weeks before the date of election, a written statement of his intent to become a candidate, signed by ten qualified students and containing the name of his campaign manager.

Section 3. Date of Elections.

Section 4. Election of Officers.

(A) In order to be elected a candidate must have received a majority of the votes cast in the race for the office for which he is running. In the event a candidate does not receive a majority of the votes cast for the office for which he is running, a run-off election shall be held as provided in Section 3 of this article. In a run-off election only the two highest candidates will be voted upon.

(B) The voting for Student Government Association offices shall be conducted according to popular vote, and shall be conducted by the Election Committee as provided for in this constitution.

Section 5. Tenure of Office. All officers of the Student Government Association shall hold office for the period of one year from the time of their election, or until their successors have taken over the offices, except in regard to Summer sessions.

(B) Any officer may be recalled for any negligence of duty or misconduct according to evidence provided by the college President or the Discipline Committee. A two-thirds vote of the entire student body shall be necessary to recall any officer of the Student Government Association.

ARTICLE VI Committees

Section 1. Election Committee.

(A) An Election Committee shall be appointed by the President of the Student Government Association and ratified by the President of the College at the beginning of each school year.

(B) The Election Committee shall be composed of a chairman and five students of not less than second semester junior standing, not more than two of which shall be members of the Student Council. The committee shall name its own chairman.

(C) The Election Committee shall have the power to approve or disapprove applications of candidates who are running for student offices. The committee also shall place ballot boxes at the places specified by the Student Government Association, preside at the polls, and count the ballots.

(D) The Election Committee shall serve for the period of one year.

Section 2. Planning Committee.

(A) The Planning Committee shall consist of the vice-president of the Student Government Association

The college is fortunate to get a Branch General unit at this time", reports Lt. Col. James A. Blodgett, professor of Military Science and Tactics. "This new program has so many advantages that it is only a question of time until all schools are converted. Jacksonville is getting in on the ground floor."

Students will find the new course stressing the "why", rather than the "how" of military subjects. The four years are designed to be more of a challenge to college students than the previous programs, and it covers material common to all of the arms and services. Another advantage is that the individual student receives a commission in the Branch for which he is best suited upon completion of the four-year course.

During the student's fourth year of ROTC he applies for the

has received his commission in that branch. The old system produced second lieutenants well qualified in their particular fields, but largely unaware of the problems of other arms and services. In addition, the old system was more expensive, since large schools with several branches needed different sets of equipment and instructors for each branch. Small branches needed different sets of equipment and instructors for each branch. Smaller schools could support only one branch, with no choice of service open to the student.

Colonel Blodgett has indicated that Jacksonville will continue to operate the old system until next fall. All military students currently enrolled in MS11 will continue the field artillery course during their senior year. The others will take up Branch General when it goes into effect.

Summer Workshop Program Designed As Aid To Teacher

In the February issue of "The Teacola" an article appeared on plans for the summer workshop for teachers. Dr. Reuben Self, head of the department of secondary education, stated that a "revised" workshop program would be planned.

The new plan has been adopted for the advantage of summer students who are seeking teaching degrees.

To discuss this plan, several superintendents of city and county schools in the surrounding territory were invited to the campus to confer with Dr. Self on their ideas of the greatest needs of teachers.

One of them pointed out that the success of a school administrator's program depends upon the success of his teachers, so his interest or concern for that teacher's success is not impersonal—he want him or her to succeed for his own sake, and for the sake of the program. Therefore, he tries to advise that teacher along lines that will strengthen his influence and effectiveness in the schoolroom and community and with no thought of being unkind or trying to mentally "chastise" him.

It was in this spirit that a number of weaknesses in teachers generally were pointed out, based on their needs for a type of workshop program designed to correct these weaknesses. It was recognized that not all teachers would need the same things but that something would be given to challenge all of them.

In the discussion, weaknesses common to some teachers were pointed out that should be studied by students who expect to be teachers. Some people have not become adjusted to life when they graduate from college and they

go out to teach without really knowing how to get along with the public.

Some haven't learned to be friendly and to speak to the people they meet on the street. This is not only true of teachers; it is markedly noticeable on the Jacksonville campus. Too many students go up and down halls and sidewalks without paying any attention to those they meet. Just a smile would help, and the effort would do much to develop an attitude of friendliness—and enthusiasm.

Some students have not learned to mix well, to relax and to take part in campus activities, so when they go out as teachers they still can't mix well and take part in community recreation and other school affairs outside the schoolroom.

So much stress is being placed on public relations today, and to teachers that means good teacher-pupil relations and good teacher-parent relations. The importance of this cannot be exaggerated. The individual is fortunate who learns before he goes into the schoolroom to be friendly and gracious; to have a sympathetic understanding of people in general; and who has learned some of the techniques of common, every-day living.

If he can greet people with a strong handshake and a smile; if he practices good habits of hygiene; if he has acceptable manners—table and otherwise; if his speaking English is passably acceptable; and if he has some sense of his responsibility from a moral standpoint, his chances of success are much better and his contribution to the development of the children who come under his care will be far-reaching.

interruption. Freshmen entering college become eligible for I-S classification which is in effect for one year. Within that year the student must qualify for a II-S (student) deferment by keeping pace with their school work, or for a IID (military) deferment by participating in the ROTC program in college.

The II-S classification must be renewed each year, and it will be renewed only if the student's grades justify it. The I-D classification is good as long as the student is satisfactorily progressing toward a commission through ROTC.

All deferred students must eventually serve in the armed forces. Students who complete the ROTC program will perform their required service as second lieutenants.

serve as chairman of the Planning Committee and the Social Committee as set forth in this constitution.

Section 3. Duties of the Secretary.

(A) The Secretary of the Student Government Association shall keep records of all meetings of the Association and the Student Council; handle all official correspondence of the Association; keep records of discipline cases; keep a permanent record of all by-laws passed by the Student Council; and publish an account of all meetings of the Council.

(B) The Secretary shall serve on the Planning Committee as set forth in this constitution.

Section 4. Duties of the Treasurer.

(A) The Treasurer of the Student Government Association shall receive all funds which come into his possession by virtue of

essay.

Section 5. Attendance at Meetings. All members of the Student Council shall be expected to attend all meetings of the Council. Any member who is absent from more than two meetings during a semester without a reason that is satisfactory to the majority of the Council shall automatically forfeit any office that he might hold within the Student Government Association or his respective class.

ARTICLE IV

Powers of the Student Council

Section 1. The Student Council shall be invested with the legislative power necessary to solve the problems and direct the activities of the Student Government Association and to serve as its governing body.

Section 2. The Council shall have the power to call special elections and to administer recall

Each candidate must file with the secretary of the Student Government Association, at least two weeks before the date of election, a written statement of his intent to become a candidate, signed by ten qualified students and containing the name of his campaign manager.

Section 3. Date of Elections. (A) The election of Student Government Association officers shall be held during the first week of April.

(B) In the event that a candidate does not receive a majority of votes for the office for which he is running, a run-off election shall be held seven days following the regular election, if that day falls on a class day. In the event that it does not fall on a class day, the run-off election shall be held on the first class day following the seventh day.

the places specified by the Student Government Association, preside at the polls, and count the ballots.

(D) The Election Committee shall serve for the period of one year.

Section 2. Planning Committee. (A) The Planning Committee shall consist of the vice-president of the Student Government Association as chairman, and three other members of the Student Council.

(B) The Planning Committee will submit to the Student Council an outline of the objectives and activities of the Student Government Association for the ensuing year not later than the sixth week of the fall session. These recommendations are to be acted upon by the Student Council, but they are not to be considered binding and the Council may at any time (Continued on back page)

Notes From The Boys' Dorms

Forney

By Louis Pelz

All of the Forneyites certainly are enjoying the new washing machine which was installed recently. Our sincere thanks to the Student Government Association for eliminating the old "wash day blues." The only thing we can say for our new recreation room is that it has been started (period.)

At our last house meeting we had to elect a new vice-president. It was a hot race between Donald "Ticky" Warren and Taylor "TV" Gilbert. "TV" finally won the contest on the sixty-third roll call by a slim margin of only two votes. Warren blamed his defeat on the well-organized machine on the second floor.

Forney has about forty new boarders this semester, and now has representatives from eight of the forty-eight states. Can any other dormitory beat it?

Jack McClendon has announced that the "Fabulous Forty", alias the "Green Monster" is finally in operation. . . . Big Bill Roddam says that Jack Stewart is the sorriest person he has ever met. Jack agrees. . . . Forney is now sporting the latest campus cat. Dig that Jerry Stiel. . . . If you don't

this, J. T.?

Franklin Kellett seems to be progressing steadily with his Pineywoods girl-friend. Franklin, how do you manage to have leisure with your big dry cleaning business?

Jackie Parker says he has the girl of his dreams now. Wonder how Sally feels about it.

Pete Acker is a good Legionnaire, or at least he spends a lot of time out at the Post.

Joe Anglin and his hometown girl have decided that they don't like each other any longer. Remember, Joe, there are more single girls now than men. Don't give up, boy.

Troy Griffin will be leaving us soon. We are all proud of Troy. His character certainly is an asset to anybody's dormitory.

Billy Smith, a master tall-tales teller and long-time resident of Abercrombie, will be leaving soon. Good luck, Billy.

Abercrombie can boast of its new pool table and the newly-painted recreation room. Have fun, boys, but take care of the property.

Oh, yes! The new coke machine will not take washers, so don't be tearing up your Dad's farm tools

around Daugette Hall.

Who in Pannell Hall has a mad crush on "Miss Fairfield of 1953"? Could it be the same person who gave the dormitory favorite her first choice at him? By the way, fellows, take it easy on him; he had a tough time getting ready for that date.

Is Roy Dyer getting self-conscious about his six lives? He has been eating hot dogs side ways and he won't ride an elevator.

The "Blue and White Buick Kid" is on the rampage again. He was last seen on Francis St.

Why is it that Frank Watson tells everyone that the picture in his room is his sister's but will not tell anyone her name and address?

Why is it that "Baby Joe Radford" hides the picture of his mountains every time Ma Hill has room inspection?

What boy in Pannell is trying to move in on Ivan Smith's steady? The boy has been seen talking to her rather often lately.

Charles "Digger" Hayden and Bob Barnett have gone into business selling "Swamie" clothes. If you happen to have any old "Swamies" lying around, please contact the boys.

Student Constitution

Continued from Facing Page
request the Committee to revise its plans.

Section 3. Ways and Means Committee.

(A) The Ways and Means Committee shall consist of the Treasurer of the Student Government Association as Chairman and three other members of the Student Council.

(B) The Ways and Means Committee shall plan the budget and devise ways of securing funds and, in general, manage the finances of the Student Government Association.

Section 4. Coordinating Committee.

(A) A coordinating Committee shall be appointed at the beginning of the fall session by the President of the Student Government Association.

(B) This committee shall have the power to approve or disapprove all requests by individual students or organizations for permission to sell any product on the campus or in the college buildings.

Section 5. Social Committee.

(A) The Social Committee shall consist of the vice-president of the Student Government Association and the social representatives of each class.

(B) The duties of the Social Committee shall be to sponsor such additional activities as have not already been delegated by the Student Council, and to fulfill any other duties imposed upon it by the Council.

Section 5. Discipline Committee.

(A) The Discipline Committee shall be composed of the officers of the Student Government Association and such faculty members as are appointed by the president of the College.

(B) A summons for a student to appear before the Discipline Committee shall be compulsory.

(C) A written and signed complaint must be submitted by the complainant before a summons will be served.

(D) A student shall have the privilege of appealing any decision of the Discipline Committee to the president of the college.

ARTICLE VII Summer Session

Section 1. Organization of the Student Government Association.

The Student Government Association shall continue to function during the summer session. The Student Council shall consist of the Student Government Association Officers and four representatives from each class.

Section 2. Officers.

(A) Officers for the Student Government Association during the summer session shall be the

ed by a two-thirds vote of the Student Council during the last month of the Spring semester.

Section 3. Student Council Membership.

Representatives to the Student Council shall be elected by the classes on Monday of the second week of the Summer session, and shall consist of a president, two Student Council representatives, and a social representative.

ARTICLE VIII Classes

Section 1. Organizations.

(A) The freshmen, sophomore, junior and senior classes shall meet and organize as separate classes.

(B) Officers of the classes shall consist of a president, a vice-president, a secretary, a treasurer, two Student Council representatives, a social chairman, and a reporter.

(C) A faculty advisor shall be appointed for each class by the President of the college at the beginning of each school year.

Section 2. Qualifications for class officers.

(A) Candidates for class offices shall be regularly enrolled at Jacksonville State Teachers College and shall have full intention of remaining at Jacksonville for at least one scholastic year.

(B) All candidates for class offices must have an over-all average of 'C' or above for all work done at Jacksonville.

(C) No student who has previously been expelled from a student Government Association office or class office shall be qualified.

(D) Each student must file with the secretary of the Student Government Association, at least one week before the date of election, a written statement of his intention to become a candidate. The secretary shall deliver the application to the Election Committee for checking and the candidate shall be notified within twenty-four hours whether or not his application has been approved.

Section 3. Procedure for Class Elections.

(A) Candidates must qualify for office by 3:30 o'clock on Friday of the second week of the fall semester.

(B) The election of class officers shall be held on Friday of the third week of the fall semester, or on the first school day thereafter.

(C) In order to be elected, a candidate must receive a majority of the votes cast in the race for the office for which he is running. In the event that the candidate does not receive a majority of the votes cast, a special run-

articles concerning class functions are published.

(F) Duties of Other Officers. The Student Council representatives and the Social Chairman of each class shall serve as members of the Student Council. The social chairman of each class shall serve on the Student Council Social Committee as set forth in this constitution.

ARTICLE IX Clubs and Organizations

Section 1. Chartering of New Organizations.

(A) A certificate of organization requesting a charter must be filed with the secretary of the Student Government Association and a charter granted by the Student Council before a new organization can become officially active on the campus.

(B) Any organization which becomes inactive on the campus after March 1, 1953, must file a certificate of reorganization with the secretary of the Student Government Association and be granted a charter by the Student Council before it can become officially active again. Organizations which became inactive prior to March 1, 1953, shall be considered as new organizations and must apply to the Student Council for a charter as provided for in this article.

Section 2. Certificate of Organization.

(A) A Certificate of Organization shall consist of the name of the organization, the sponsor and/or the faculty advisor, the date of filing, the number of charter members, the purpose and aims of the organization, and the officers of the organization.

(B) The certificate of organization shall be accompanied by the constitution drawn up in advance by the originators of the organization. The constitution must be approved by a two-thirds vote of the Student Council before a charter can be granted.

ARTICLE X Compensation For

Student Government Association

Section 1. The President of the Student Government Association shall receive from the treasury of the Student Council a compensation in the amount of fifty (\$50) dollars each semester, to be paid at the end of each semester.

Section 2. The President of the Student Government Association during the summer session shall receive from the treasury of the Student Council compensation in the amount of twenty-five (\$25) dollars to be paid at the end of the summer session.

ARTICLE XI

Organization of the Mimosa

Section 1. The name of the

cial Committee as set for th in Government Association at least two weeks before the date of election, a written statement of his intention to become a candidate, signed by ten qualified students and containing the name of his campaign manager.

(D) No student who has been expelled from any office under the jurisdiction of the Student Government Association for any reason will be qualified for any of the offices named in this article.

Section 4. Duties of the Officers.

(A) It shall be the duty of the faculty advisor to approve all copy before it is mailed to the publisher.

(B) The editor shall have the duty of complete organization of the yearbook staff, handle all contracts for the yearbook with the consent of the student advisor, and shall be responsible to the advisors. It shall be the duty of the editor to make a working schedule and assign duties of the staff.

(C) It shall be the duty of the business manager to sell and collect for all advertisements. He shall be responsible to the editor for the necessary funds for publication of the yearbook, and may be assigned other duties by the editor. The business manager shall be required to keep an accurate record of all receipts and expenditures.

(D) The circulation manager shall be responsible for the circulation of the yearbook, and shall perform any additional duties assigned to him by the editor.

(E) It shall be the duty of the student advisor to see that the yearbook is being made within the limits of the finances available.

(F) All members of the staff shall be responsible for the duties assigned to them by the editor.

Section 5. Compensation of Officers.

(A) The editor shall receive a compensation from the yearbook funds in the amount of one hundred (\$100), with fifty dollars (\$50) to be paid upon completion of the final copy and another fifty dollars (\$50) to be paid when the yearbook is delivered to the subscribers. The editor shall be penalized fifteen dollars (\$15) for every shipment of copy that is late reaching the publisher, whenever such delay is due to negligence of the editor or any member of his staff.

(B) The business manager shall receive a percentage of all money collected from advertisements sold, as follows: ten per cent of the first one thousand dollars; twenty per cent of the second one thousand dollars; twenty-five per cent for all over two thousand dollars. The business

Student Government Association. The Student Government Association shall continue to function during the summer session. The Student Council shall consist of the Student Government Association Officers and four representatives from each class.

Section 2. Officers.

(A) Officers for the Student Government Association during the summer session shall be the same as during the regular session, provided the elected officers remain in attendance at Jacksonville.

(C) In the event that the regular officers do not remain in attendance during the summer session, the officers elected during the preceding semester shall serve during the summer session.

(C) In the event that the regular officers and the newly-elected officers do not remain in attendance during the summer session new officers shall be appointed.

at the end of each semester. Section 2. The President of the Student Government Association during the summer session shall receive from the treasury of the Student Council compensation in the amount of twenty-five (\$25) dollars to be paid at the end of the summer session.

ARTICLE XI

Organization of the Mimosa

Section 1. The name of the yearbook of Jacksonville State Teachers College shall be the 'Mimosa'.

Section 2. Selection of Officers.

(A) The editor, business manager, and circulation manager of the Mimosa shall be elected by the popular vote of the student body each year, not later than the first week of April.

(B) The voting shall be conducted by the Election Committee, jointly with the editor of the previous year, the student advisor, and the faculty advisor.

(C) In order to be elected a candidate must receive a majority of the votes cast for the office for which he is running. In the event a run-off election is necessary, it shall be conducted according to Article V, Section 3 (B) of this constitution.

(D) A staff shall be appointed jointly by the editor and the student advisor, with the advice of the faculty advisor.

(E) A faculty advisor shall be appointed each year by the president of the Student Government Association and the President of the college.

(F) The President of the Student Government Association shall serve as student advisor for the yearbook.

Section 3. Qualifications of Officers.

(A) The editor, business manager, and circulation manager of the Mimosa shall have on record in the office of the college registrar on the day qualifying an over-all average of 'C' or above for all work done at Jacksonville.

(B) All officers named in this article must plan to remain in attendance at Jacksonville at least until the yearbook has been received and distributed.

(C) Each candidate must file

publisher, whenever such delay is due to negligence of the editor or any member of his staff.

(B) The business manager shall receive a percentage of all money collected from advertisements sold, as follows: ten per cent of the first one thousand dollars; twenty per cent of the second one thousand dollars; twenty-five per cent for all over two thousand dollars. The business manager shall forfeit all of his commission if he collects less than five hundred (\$500) dollars in advertisements.

(C) The circulation manager shall receive five per cent of the money collected from the first three hundred yearbooks sold, and ten per cent of all money from any yearbooks sold in excess of the initial three hundred. The circulation manager shall forfeit all of his commission if he sells less than three hundred yearbooks.

Section 6. Any profits made on the publication of a yearbook shall be applied to the production

Spring Football Practice Opens With Promise Of Great Year

Coaches Begin Building Job For '54 Season

By Bobby Hawkins

With a carload of new material, Coaches Ray Wedgeworth and Tom Roberson have undertaken the big job of molding Jacksonville's 1954 football team. The annual spring training session got underway last Monday. During the next five weeks, the coaches will have to determine just how they expect to run the Gamecocks' football next fall.

Coach Wedgeworth has indicated that it will take every bit of the time available to break in a lot of new material and to get some of the boys accustomed to a switch in positions. The job will require a lot of personal attention, and the college coaches have called in Coaches Banty Newman and Johnny Williams from the high school for a little help.

Outlook Good

From early appearances, it looks as if Jacksonville's new crop of backs is the best the Gamecocks have sported for several seasons. Most of last season's top running backs are back on the practice field again, and enough new material has been added to give the ground game most of the punch it needs for a tough schedule next fall.

The new material, including backs and linemen, represents players who were heralded throughout the South a couple of years ago as being some of the best high school footballers in the nation. Some of them signed with the big universities, but they are Gamecocks now and should provide the extra strength to put Jacksonville back at the top of the state's small colleges.

Newcomers Chester Skates, Fred Casey, and Al Woodham were running wild during the first practice sessions last week. Running with them were the Gamecock veterans from last season, including Paul Thompson, George Keech, Charlie Grisham, Doug Caldwell, Aubra Davis and Lyle Darnell at the halfbacks. Gene Hanson, Don "Tricky" Warren, and Lamar Howell have been

GAMECOCK CAPTAINS—Paul Thompson (left), a junior from Albertville and Harold "Pistol" Bentley, a junior from Arab, have been selected as the co-captains of the 1954 Jacksonville football team. The two captains will direct the Red and White squads for the "J" Day game next month and make the field decisions next fall.

Bobby Hawkins' The Hawk's Eye

Since spring weather seems to be reasonably well established for the remainder of the semester, it's high time that Jacksonville's intramural program was getting back into the swing of things. A well-rounded intramural program has been sadly lacking on the campus, and there is no better time than the present to start planning for the next three months.

The physical education department has done a creditable job in organizing intramurals here since the beginning of the school year, but the program should be a continuous operation, with none of the long slack periods between the main events. It seems that the usual program has been a bit one-sided, also. For the most part, the boys' sports have become rather well established on the campus, but the girls have no bona fide program of their own.

New Captains Are Selected By Gamecocks

Paul Thompson, a junior halfback from Albertville, and Harold "Pistol" Bentley, a junior lineman from Arab, have been selected as Jacksonville's football co-captains for the 1954 season. The announcement was made last week following a poll of team members on the first day of spring training.

Thompson is the smallest man on the squad, but his speed and versatility have made him one of the most valuable members of the local backfield corps. He can run from any position, but he performed mostly at left halfback in Jacksonville's T-formation last fall.

Bentley served as a linebacker on the defensive team under the platoon system. Since limited substitution came back he has done his work as a guard.

Although Coach Ray Wedgeworth has made no announcement concerning the annual "J" Day game this spring, his two new captains probably will head the Red and White squads for the big battle next month.

A knock on the door spoils many an opportunity.

NEW MATERIAL—The five Gamecocks above represents the efforts of Coach Ray Wedgeworth's recruiting program. They are (front row) G. B. Beasley, All-Stater from Etowah and ex-Alabama performer, Pat Hardy, All-Stater from Munford and ex-Auburnite, Joe Roberts, an All-State performer from Albertville and ex-starter for Georgia, (back row) Freddie Casey, All-Stater from Jacksonville and Georgia Tech frosh star, Al Woodham, first-stringer for Florida State, and Chester Skates, All-American from Hueytown.

Tennis Team Ready For Work

Jacksonville's 1954 tennis team, featuring new members along with two of the best players from last season, will open its spring schedule soon. Mrs. William J. Calvert, Jr., head of the Physical Education Department and tennis coach, has indicated that matches have been scheduled with teams from Alabama and the Southeast.

The Gamecocks have put in several weeks of practice, regardless of the foul weather, and most of them have been on the courts

off and on since school opened last fall.

Only two regulars will be back from last year's squad, but a couple of transfers from the University should make the new net team one of the best Jacksonville has sported in quite a while. Bill Hammill and Ray Bullock were two of the mainstays of the past season. They are the only veterans left from a squad which also included Bill Jones, Dixie Brown, a regular place on the tennis team.

David Christian, Jack Hammill, and others, Joe Tommie and Lionel Layden, the two transfers, will go a long way toward making the Jax team as strong as it has been in past seasons.

Another newcomer who should see a lot of action is Jacques Corman, the international student from Belgium. Jacques isn't a newcomer on the campus, but he is making his first serious bid for a regular place on the tennis team.

...were running wild during the first practice sessions last week. Running with them were the Gamecock veterans from last season, including Paul Thompson, George Keech, Charlie Grisham, Doug Caldwell, Aubra Davis and Lyle Darnell at the halfbacks. Gene Hanson, Don "Tricky" Warren, and Lamar Howell have been working at quarterback, with Virgil Holder running at fullback.

Switch To End

Only four experienced men have turned up on the flanks, but a pair of switches from the backfield should anchor them rather well. Bob Coley, Ray Campbell, Jack Stewart and Wilson Hicks are the blooded members of the corps of ends, while Carl Harrison and Johnny Johnston are learning the tricks of the trade after serving in the backfield last season. Harrison likely will be called upon for most of the punting again next season.

Newcomers Joe Roberts, G. B. Beasley, and Pat Hardy have been added to the middle of the line. There is plenty of experience up front, with Harold Bentley, Bull Bailey, Kendal Clemons, Don Bulger, Bill Roddam, Charles Solley, Jack Grizzard, Billy Towns, Jerry Cole, and Joe Currie back from last season's Gamecocks.

Roberts, Beasley and Hardy know their way around football fields. All of them were All-State preppers and have played for Southeastern Conference clubs. Roberts was a regular tackle on Coach Wally Butts' 1951 Georgia aggregation, Hardy put in a year at Auburn, and Beasley is a transfer from Alabama.

CONSTITUTION

(Continued From Page Five)

of the yearbook for the following year, or may be dispensed with in some other manner upon the discretion of the student advisor and the editor, with the consent of the faculty advisor.

Section 7. Recall of Officers. Any officer named in this article may be recalled by two-thirds vote of the Student Council for negligence of duty or misconduct.

ARTICLE XII

Cheerleaders

Section 1. Eight cheerleaders shall be elected by the popular vote of the student body at the beginning of each school year.

Section 2. The election shall be held during the second week of the fall session, following a demonstration of the candidates' abilities before an assembly of the student body.

Section 3. Each candidate for a position as cheerleader shall expect to remain in attendance at Jacksonville until the football season is terminated.

Section 4. After election, a head cheerleader shall be selected by the group and he shall be responsible to the President of the Student Government Association

...has been running wild during the first practice sessions last week. Running with them were the Gamecock veterans from last season, including Paul Thompson, George Keech, Charlie Grisham, Doug Caldwell, Aubra Davis and Lyle Darnell at the halfbacks. Gene Hanson, Don "Tricky" Warren, and Lamar Howell have been working at quarterback, with Virgil Holder running at fullback.

The physical education department has done a creditable job in organizing intramurals here since the beginning of the school year, but the program should be a continuous operation, with none of the long slack periods between the main events. It seems that the usual program has been a bit one-sided, also. For the most part, the boys' sports have become rather well established on the campus, but the girls have no bona fide program of their own.

Most of the blame for our lax intramural program lies directly with the students, especially where the girls are concerned. There is enough material on the campus to organize strong intramural leagues in practically every major sport to be named. Eight teams in a boys' intramural softball league should be simple, and a strong intramural volleyball league could easily run in unison during the remainder of the spring semester.

Good intramural softball and volleyball leagues for the girls might be a tougher problem, but it can be done with a little more interest from Doughty Hall.

The intramural trophy to be awarded at the end of the year has done much to stimulate interest, and the coming softball season should be a lot better because of the award. However, the award is for the boys only, and the girls will be left out again.

Pannell Hall is certain to be one of the strongest entries in the spring softball league, if for no other reason than to protect the lead in the race for the intramural trophy. Pannell has two championships to its credit, after finishing first in the basketball and volleyball competition. The Aces, an independent aggregation, have an intramural touch football championship on the records. Abercrombie and Forney can very well be the top teams in softball, while the Veterans, National Guard, and Town teams can easily round up enough outstanding material to make the new softball league one of the best we have seen here in a long time.

Pannell's volleyball team can vouch for the inadequacy of Jacksonville's intramural program. The Pannellers won the round-robin play-off here last month, even though volleyball has been far from popular with local students. Most students have played volleyball only in physical education classes or at Anniston Beach during the summer.

Pannell represented Jacksonville and Alabama in the first Southeastern Invitational Volleyball Tournament at Davidson College, N. C., where the boys really know what a volleyball is. The Davidson tournament is destined to become an annual event, and Jacksonville has gotten in on the ground floor. The competition is the toughest in the Southeast, and any team sent from Jacksonville has practically no chance at all with no local intramural program to produce the material.

For example, Florida State, the first regional champion, reserves scholarship or workshops for their top volleyball players. We are not advocating scholarships for volleyball, but we do think that a strong intramural program here will go far toward providing plenty of extra entertainment.

tion and to the Student Council for the conduct of the group.

ARTICLE XII

Amendments

Section 1. An amendment to this constitution may be proposed by a majority vote of the student Council, or by a petition signed by fifty (50) qualified students.

Section 2. In order to become law, a proposed amendment must be published in student publications at least two weeks before it is voted upon by the entire student body. Any proposed amendment must receive two-thirds of the number of votes cast before it can become a part of this constitution.
